TECHNICAL SUPPORT DOCUMENT TLEEN CANYON NATIONAL RECREATION AREA AIR QUALITY ANALYSIS FOR PARK PLANNING	This technical support document presents air pollution emissions and air quality analyses of the proposed changes in off-road use of motor vehicles and on-road use of nonconventional motor vehicles, or off-highway vehicles (OHV), in Glen Canyon National Recreation Area (GCNRA). GCNRA has proposed to allow OHV use on several roads and off-road vehicle routes within Glen Canyon, as well as allow off-road use of unpaved areas such as Lone Rock Beach. This report evaluates both a base case (current condition) and a worst-case future alternative scenario that accounts for additional access to these road/areas, by doubling the current number of vehicle trips, which doubles the vehicle miles traveled (VMT).	5428 GLCA.pdf
